

# OUR ENVIRONMENT AND SUSTAINABILITY POLICY

## Our green, healthy city ethos

It's in Nottingham believe that everyone deserves to live in a clean, green, healthy city. We support Nottingham City Council and partners, in their aspirations to be carbon neutral by 2028.

It's in Nottingham believe that taking care of the environment is everyone's responsibility, including our staff, members, and partners.

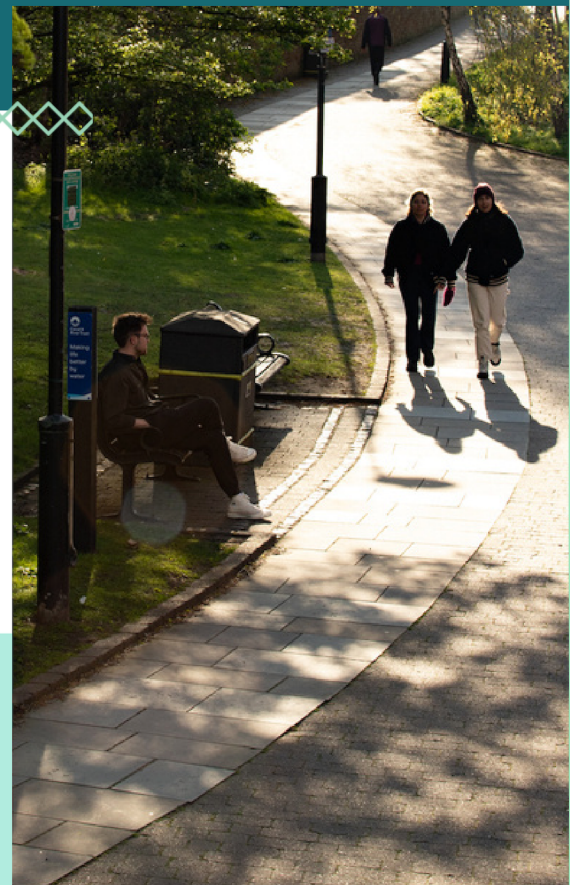

# OUR ENVIRONMENT AND SUSTAINABILITY POLICY

In line with the ISO 14001 standard for Environmental Management, It's in Nottingham are –

- *Committed* to **continual improvement**
- *Committed* to the **prevention of pollution**
- *Compliant* with **environmental legislation**

## HOW *we do this:*

**In house –**

- **Managing** a dedicated strategic pillar, committed to environmental issues
- **Promoting** a culture of energy efficiency, e.g. all employees to switch off appliances when not in use
- **Reducing** printing and paper use, with a commitment to use recycled paper and environmentally friendly alternatives where possible
- **Sponsoring** events which promote a green, healthy city, such as Green Hustle Festival
- **Annually reviewing** our Environmental Audit
- **Supporting** Nottingham City Council's Carbon Neutral agenda (CN2028)
- **Participating** actively in the Nottingham Green Partnership
- **Working** with members on food waste and a city-wide recycling schemes
- **Supporting** member initiatives that promote a green, healthy city, whilst being careful to avoid greenwashing

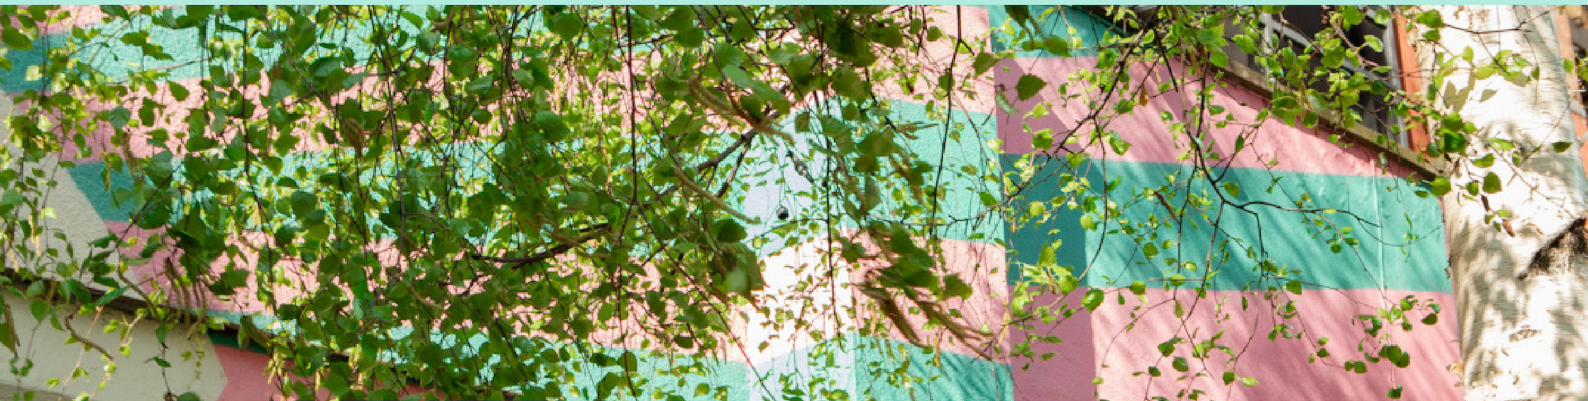

# HOW

*we do this:*

## In house –

- **Aiming to continually** reduce our environmental impact and encouraging staff, members of the Board, and our members, to develop an environmentally sustainable approach to their work and lifestyle
- **Promoting** awareness of environmental responsibilities and implementing practices that contribute to a sustainable future for It's in Nottingham and the city centre

## With our members and Nottingham residents –

- **Promoting** sustainable and healthy lifestyles for city centre workers and visitors to Nottingham, including sustainable and active travel
- **Encouraging** consideration of individual and / or business environmental impact, and offering support and solutions in the reduction of their carbon footprint
- **Working** with partners to ensure educational opportunities are available for all our members
- **Encouraging** conversation and learning around environmental issues and support with climate change anxiety
- **Promoting** the preservation and improvement of green spaces and biodiversity within the city
- **Encouraging** participation in environment and climate change focused volunteer opportunities

IT'S IN NOTTINGHAM

We are *It's in Nottingham*.

Our passion for Nottingham and *commitment* to *support* and *promote* our members will drive *economic growth* – creating a *vibrant* city centre which is a destination of choice for visitors.

Through every interaction we will *build trust* and *inspire pride* in our city centre, its businesses and its people to create a more *attractive, healthier, safer, and greener* place to live, study, work and play.
